Manufacturer*GARO AB**Box 203**S-335 25 Gnosjö**Sweden**+46 (0)370 33 28 00**www.garo.se***Statement of Compliance**

As part of our ongoing commitment to product responsibility and regulatory compliance, GARO Group ensures that all relevant articles placed on the EU market meet the requirements of the EU Waste Framework Directive 2008/98/EC (WFD).

In accordance with Article 9(1)(i) of the directive and the ECHA SCIP database requirements, GARO provides information on articles containing Substances of Very High Concern (SVHCs) above 0.1% (w/w) as required by the REACH Regulation (EC) No. 1907/2006.

This report ensures that our customers, recyclers, and waste operators have access to accurate information to support safe handling, recovery, and recycling of our products. GARO maintains an internal process for monitoring SVHC updates and for submitting necessary data to the ECHA SCIP database.

For details on regulated substances, please refer to:
