EU Battery Regulation Compliance Statement – GARO Group 2026

GARO is committed to environmental responsibility and regulatory compliance. This statement addresses the requirements of **Regulation (EU) 2023/1542 concerning batteries and waste batteries** - Applicable to GARO battery products placed on the EU market.

GARO monitors the requirements of the Battery Regulation and works with relevant suppliers to ensure that applicable requirements concerning batteries, sustainability, labelling, information and extended producer responsibility are addressed.

The applicability of the Battery Regulation is assessed according to the type and intended use of the battery and the role of GARO in the relevant supply chain.

GARO continuously monitors regulatory developments and updates its processes where applicable.
